HENRY FORD 2024 Sinus & Nasal Symposium

A Multidisciplinary Approach to the Nose, Inside & Out

September 6, 2024

The 5th Annual Henry Ford Sinus & Nasal Symposium

is a full-day CME event designed for any physician, advanced practice practitioner, resident or medical student who treats surgical and non-surgical disorders of the nose and sinuses. World-renowned local and national faculty will present on a variety of topics in this field.

All lectures will be case-based, covering a variety of topics, including:

- Pathophysiology of nasal obstruction
- Septal perforation repair
- Updates on surgical management of chronic rhinitis
- Evaluating nasal and sinus disease
- CRSwNP management that works
- FOUR expert panels on managing common and complex sinus and nasal disease
- Functionality and cosmetic rhinoplasty
